COLDS AND FEVER

THE COMMON COLD ... one of the few viruses that man has not conquered with a cure. The only thing that we have come up with so far, are medicines to give us relief. Perhaps, some day, someone will come up with the solution.

There are many spiritual things that we do not know the answers to. These things we must accept on faith.

"The secret things belong unto the Lord our God: but those things which are revealed belong unto us and to our children forever, that we may do all the words Deuteronomy 29:29

God has revealed himself, his son, and his commandments, these are the major things. Attend church Sunday, learn more of God's will for your life.

The Church is God's appointed agency in this world for spreading the knowledge of His lova for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. Can your range keep meals serving-hot for 4 hours without over-cooking?

With the new gas Cook 'n' Keep oven control you can go shopping and still be a guest at your own party without a last minute rush. Just set the time and temperature oven controls as your recipe requires. Dinner will cook automatically to perfection. When it's done the way you want it, Cook 'n' Keep oven turns itself down to exactly the right temperature for serving. An hour later - or two, three or four - food's still moist, tender and serving hot! No overcooking. No drying out. Because of this new automatic oven control and the many other gas cooking conveniences, you'll want to trade in your old range. Now's the time the new ones are on sale at Gas Appliance Dealers and Lone Star Gas.

THE SEASON FOR ...

COLDS AND FEVER

THE COMMON COLD ... one of the few viruses that man has not conquered with a cure. The only thing that we have come up with so far, are medicines to give us relief. Perhaps, some day, someone will come up with the solution.

There are many spiritual things that we do not know the answers to. These things We must accept on faith.

"The secret things belong unto the Lord our God: but those things which are revealed belong unto us and to our children forever, that we may do all the words Deuteronomy 29:29

God has revealed himself, his son, and his commandments, these are the major things. Attend church Sunday, learn more of God's will for your life.

The Church is God's appointed agency in this world for spreading the knowledge of His lova for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FEEL RICHER? — Texans' incomes were at an all-time high in 1962 at \$20,360,000,000, reports the U.S. Department of Commerce. This was 4.4% above 1961. It means that 4.60 of the dollars earned by all Americans belonged to Texans. But when the massive figures are put into averages. Texans fall back. Texas ranks third in population, but sixth in total personal income. New york's \$50,990,000,000 and California's \$49,180,000,000 mean that people in those states have higher

average incomes than Texans. However, back in 1929 the total personal income of Texans was \$2,700,000,000. Now it's nearly 10 times as much. HOSPITAL FUNDS AP-PROVEDState Board of Health has approved \$11,200,000 in applications for federal Hill-Burton hospital aid funds on 21 projects. Grants usually finance half the construction cost.

Allocations include: Leon County Hospital, Buffalo, \$160,000; Lee Memorial Hospital, Giddings, \$100,000; Community Hospital, Luling, \$295,-000; Huth Memorial Hospital, Yoakum, \$250,000; Sabine Area Home for Older Adults, Carthage, \$225,000.

Can your range keep meals serving-hot for 4 hours without over-cooking?

With the new gas Cook 'n' Keep oven control you can go shopping and still be a guest at your own party without a last minute rush. Just set the time and temperature oven controls as your recipe requires. Dinner will cook automatically to perfection. When it's done the way you want it, Cook 'n' Keep oven turns itself down to exactly the right temperature for serving. An hour later — or two, three or four — food's still moist, tender and serving hot! No overcooking. No drying out. Because of this new automatic oven control and the many other gas cooking conveniences, you'll want to trade in your old range. Now's the time the new ones are on sale at Gas Appliance Dealers and Lone Star Gas.
